SEVERE BATTLES.

The Presistency of the Japanese Attack on Port Arthur Causes Wonder.

HEROIC DEFENSE BY RUSSIANS.

Japs Are Literally Throwing Away Thousands of Lives in Hope of Shaking Russian Courage.

The Besiegers Poured in Fresh Battalions and the Slopes, Covered With Dead and Dying, Actually Ran With Blood.

Liao Yang, Aug. 23.—The following is supplied by a Russian correspondent:

With each additional report from Port Arthur wonder is increased both at the persistency of the Japanese attack and the heroic stubbornness of the defenders of the fortress. The Japanese are literally throwing away thousands of lives in the hope of shaking the courage of the Russian troops.

Maj. Gen. Feck says he is confident the fortress can not be taken, but that if it is taken the whole Japanese army will have to immolate itself on the slopes of the fortifications.

There were five desperate assaults on Green hill, July 26, the Japanese returning each time with apparently inexhaustible reinforcements. On the final assault, however, the Japanese broke badly, throwing away their guns, cartridge belts and even their boots to facilitate their flight, and leaving 7,000 dead or wounded.

Our surgeons worked heroically, impartially aiding Japanese and Russians. The Japanese were so touched that they tearfully thanked the Russian surgeons.

The assault on Green hills was repeated on July 27, and there were frequent hand-to-hand encounters, the Russians leaving the trenches to follow their enemies.

The assaults of July 28 and July 29 on the Wolf hills were not followed up, the Japanese being too severely shaken. We evacuated the Wolf hills chiefly for strategic reasons, as the hills made the line of defenses too long to effectively withstand the furious attacks of the Japanese.

The assault of July 30 was made in the dark of night in the hope of surprising the Russians. Sixty thousand men were hurled against our 13,000, but we drove them back again and again at the point of the bayonet. It was another Shipka pass.

The Japanese poured in fresh battalions, and the slopes, covered with the dead and the dying, literally ran with blood.

Our Thirteenth regiment was forced from its position, but the Fourteenth regiment came up and with the bayonet again dislodged the visitors.

As near as can be ascertained this assault cost the Japanese 10,000 men.

The Japanese losses since the siege began have been 28,000 men. The explosion of one mine wiped out 500. This was an awful sight. A volcano of stones dismembered the bodies of the soldiers while the sky was lit up with a purple glare and the mud walls of the Chinese village were thrown down by the shock. After this fight Gen. Stoessel collected 20,000 Japanese rifles.

Will Be His Tomb.

London, Aug. 23.—No further war news has reached London. According to the Moscow correspondent of the Morning Post, Lieut. Gen. Stoessel concluded a telegram to an intimate friend there with the words: "Farewell forever. Port Arthur will be my tomb."

Secretary Hay Is Silent.

Newbury, N. Y., Aug. 23.—Secretary of State Hay, who is at his summer home here, has received no official advice from Washington regarding conditions at Shanghai. He read the dispatches with evident interest, but declined to comment upon the news.

Gunboat Struck on a Rock.

St. Johns, N. F., Aug. 23.—The British gunboat Columbine, one of the vessels of the squadron patrolling the Newfoundland fisheries, struck on a rock Monday in Snooks Arm, Green bay, and it is feared that she will be come a total wreck.

Repairing Russian Vessels.

Vladivostok, Aug. 23.—Repairs to the cruisers Rossia and Cromoboi are proceeding rapidly. It is believed it will be possible to complete them without docking the vessels and that they will therefore take a comparatively short time.

Chicago, Aug. 23.—The packers Monday asked for an injunction preventing the city of Chicago from interfering with their housing of their employees in their plants during the continuance of the strike.

DYING IN POVERTY.

He Is In Sight of Valuable Gold Mines He Discovered.

Louisville, Ky., Aug. 23.—In poverty Robert Womack, the Kentuckian who discovered the Cripple Creek gold mines, which have netted others over \$150,000,000 and him comparatively nothing is dying in a Colorado Springs sanitarium. Many Louisville people and thousands of people over Kentucky remember Bob Womack, for he was born and spent all his early life in this state.

Fifteen years ago he discovered the Cripple Creek fields. He was a prospector at the time, having gone from Kentucky. He sold his claim for \$2,000. While others reaped millions he was working as an ordinary laborer. Now in sight of the bed on which he lies, suffering keenly, are the gold hills which once were his.

Bob Womack is a member of an old Kentucky family. He lived for many years in Shelby county and later in Louisville. Many of his relatives reside in this state.

CHARGED WITH MURDER.

Indictments Were Returned Against Two Men in a Few Minutes.

Owensboro, Ky., Aug. 23.—The grand jury of Daviess county had been in session only a few minutes Monday morning when indictments were returned against Roy Green, the self-confessed murderer of James Coomes, at the fair grounds July 31, and Robert Mathley, charged with the murder of Emma and James Gregson. Green was taken to Henderson by the officials, who feared a mob. His trial will be set for next Monday. Mathley's trial is set for Friday. The officials say that every member of a mob will be hunted down.

ALLEGED LUNATIC.

Kentucky Woman Prevented From Leaving the Asylum.

Lexington, Ky., Aug. 23.—Mrs. Imogene Holmes Lyle, arrested last week on a lunacy charge, Monday attempted to leave the private sanitarium in which she was placed, on the advice of her attorney, but was restrained by the superintendent of the institution, and latter was arrested on a charge of assault.

The attorney for the woman secured a writ of habeas corpus, returnable Tuesday, to compel the superintendent to show why the woman is held.

DR. W. GODFREY HUNTER.

His Certificate of Nomination Filed and Recorded.

Frankfort, Ky., Aug. 23.—The certificate of the nomination of W. Godfrey Hunter as the republican candidate for congress in the Eleventh district was filed and recorded in the secretary of state's office Monday morning.

On the face of the returns of the primary recently held D. C. Edwards, Dr. Hunter's opponent for the nomination, appears to have received the majority vote.

Pedestrian Injured By Stray Bullet.

Louisville, Ky., Aug. 23.—In a running pistol fight between two Negroes in the heart of this city Monday Ross Jackson was shot in the back and probably mortally wounded, and his antagonist, Ed Blancagnell, received a bullet in his foot. Miss Sue Onan, a white pedestrian, had her hand injured by a stray bullet.

A Railroad Wreck.

Burgin, Ky., Aug. 23.—A Southern freight train crashed into a C. N. O. & T. P. switch engine here, demolishing the switch, a caboose and several cars of pig iron and lumber. Engineer Joe Goodbody, of the switch engine, jumped in time to save being crushed to death.

Three Were Arrested.

Owingsville, Ky., Aug. 23.—Reports from Nicholas county states that Mrs. Bud Snapp, Mrs. Torcy Ramey and Solomon Green have been arrested, charged with complicity in the shooting and fatal wounding of Robert Richey at Barterville.

Was Seriously Injured.

Covington, Ky., Aug. 23.—William Guth, aged 16, living in Erlanger, was cutting grass in front of his home when his scythe struck a breech-loading gun shell, which exploded. The shot struck him in the face and he was seriously injured.

Discovery of Zinc.

Madisonville, Ky., Aug. 23.—A short distance from Dixon "Black Jack" zinc has been found cropping out from branch banks and on top of the ground, which is said to be about 50 per cent. pure and worth \$25 of \$50 a ton.

Pride is to the character like the attic to the house—the highest part, and generally the most empty.

TORNADO ECHOES.

Damage Wrought by Winds in Various Parts of Minnesota Estimated at \$2,555,000.

NEARLY 200 PERSONS WERE HURT

At Waconia, a Little Village 20 Miles From Minneapolis, Almost Every House Was Wrecked.

The Country Districts Surrounding St. Paul and Minneapolis Sustained a Property Loss Estimated at About \$100,000.

St. Paul, Minn., Aug. 23.—Property loss, \$2,555,000. St. Paul, \$1,780,000; Minneapolis, \$600,000; Stillwater, \$100,000; Waconia, \$75,000; country districts, \$100,000.

The foregoing is a summary of the damage wrought by Saturday's tornado in various sections of Minnesota. In addition to the fatally nearly 200 persons sustained injuries of a minor character. The city government Monday had a force of 400 men at work clearing the streets of the vast amount of debris with which they had been strewn; gangs of linemen were at work repairing damage to electric wires, and the wholesale houses had their employes busily engaged in removing damaged goods and making temporary repairs to their buildings and warehouses.

The municipality, through the destruction of bridges, school buildings, parks and other public property suffered the greatest loss, its damage closely approximating a million dollars.

The other losses, involving nearly 200 business firms and individuals, range from \$50,000 in the case of Finch, Young and McConville, wholesale dry goods, down to a few dollars for the breakage of window glass and the tearing away of awnings.

In Minneapolis, where the work of clearing away the wreckage and repairing the damage done has been proceeding rapidly, the extent of the injury done is not so great as was at first reported. The largest individual loser was Donaldson's glass block, an immense department store. The loss to building and stock is estimated at \$100,000.

In neither city is the loss adequately covered by tornado insurance. It was the common belief of residents of the Twin Cities that they were "tornado proof." At Waconia, a little village, 20 miles west of Minneapolis, the tornado wrecked almost every house. The depot was blown away and many pleasure seekers who had been spending the day at Coney Island and had taken refuge from the storm in the station narrowly escaped death.

The members of the Moye family were crushed to death in the ruins of their home, which was totally demolished.

The fourth person killed was a farmer living northeast of town.

Much destruction was done to the adjacent country. Farm buildings were blown away and standing corn leveled to the earth and much other damage done.

The storm was also felt in various parts of Northern Wisconsin, considerable damage being done to property and some persons being injured.

KILLING OF THE GUARDSMAN.

The War Department Will Make An Investigation.

Washington, Aug. 23.—A telegram was received at the war department Monday from Gen. Bates at St. Louis in answer to Secretary Taft's request for a report on the facts connected with the killing by regular soldiers of a national guardsman at Athens, O., last week. Gen. Bates says that he has been unable thus far to secure the information desired but adds that he has called on the local military authorities at Athens to report the facts at once, when he will forward them to the department.

The Auctioneers Organize.

St. Louis, Aug. 23.—Delegates representing 20,000 auctioneers in the United States and Canada met here Monday and organized the International Auctioneers' association. After electing officers, the convention adjourned, to meet in Chicago July 11, 1905.

Damaged by a Tornado.

Fennimore, Wis., Aug. 23.—A tornado that struck here did damage amounting to \$50,000 to buildings in and around this city. The residents of the city all took to their cellars when the tornado approached and escaped unharmed.

The Covington Elks' ledge have let a contract for the remodeling of a house for an Elks' home, to be ready by December 1.

NEUTRALITY OF CHINA.

Denied That American Vessels Received Instructions to Assist.

St. Petersburg, Aug. 23.—The news that the navy department at Washington absolutely denied that the United States warships at Shanghai had received instructions to assist in the protection of the neutrality of China or to in any way interfere with the Japanese warships, which did not arrive until late Monday night, put something of a damper on the feeling of satisfaction with which the earlier reports had been received.

Nevertheless, as stated in the dispatches, the question relating to the cruiser Askold and the torpedo boat destroyer Crezovo is expected to be adjusted as soon as China and Japan come to an agreement, and the ships will be disarmed, the admiralty having decided that it would be suicidal to send them out against the superior force of the Japanese lying in wait.

THE CHAMPION LOVER.

Hugged His Sweetheart So Tight He Broke Her Arm.

Chicago, Aug. 23.—The champion lover of Chicago has been discovered. He is Henry Slidders, and Monday in a justice's court he acknowledged the ardent nature of his wooing and paid \$3.85, court costs. He was charged by Emma Anderson, of 19 Dawson street, with having hugged her so tight that he broke her arm and fractured one of her ribs. He was also charged with kissing Maggie Elton so fervently that part of her cheek came away with his teeth.

"I never felt anything like it," said Miss Anderson. "First he put one arm around me and I felt a sharp pain in my right arm. Then he put both arms around me and put on full steam, and I felt one of my ribs go crack."

A RICH AMERICAN.

He Is Held in Old Mexico By Brigands For a Ransom.

Roswell, N. M., Aug. 23.—John Elland, vice president of the Bank of Portales, Portales, N. M., and a wealthy sheep man, has fallen into the hands of brigands in Old Mexico, where he went on business.

Mrs. Elland has received a letter from him postmarked Oputo, state of Sonora, Mexico, saying that he has been captured by brigands and they demand a heavy ransom, and that unless arrangements are made at once to pay the ransom, he will be tortured and killed.

She immediately wired the American consul at the City of Mexico to use his offices to secure the release of her husband.

MORE DEPORTATIONS.

Four Miners From the Black Bear Mine Told to Leave.

Silverton, Col., Aug. 23.—A party of citizens from Telluride, including prominent mine managers, came over to the property of the Black Bear Mining Co., located in Ingram Basin, Sunday afternoon and compelled all the miners to come out of the shaft and line up before them. Four of the miners were selected from the party and told to leave the neighborhood and not return. They were accused of being "pernicious agitators" in behalf of unionism. All of the deportees are stockholders in the Black Bear.

DISCOVERY AT KEY WEST.

Mosquitos of the Genus Anopheles Found On the Island.

Washington, Aug. 23.—A party of citizens from Key West has enjoyed immunity from malarial fevers, and systematic search of the island heretofore had failed to demonstrate the presence of this mosquito. He regards the discovery as an important one in view of the fact that for years Key West has enjoyed immunity from malarial fevers, and systematic search of the island heretofore had failed to demonstrate the presence of this mosquito. Measures for extermination are recommended.

KNIGHTS OF THE MACCABEES.

The Uniform Rank Will Hold Competitive Drills at World's Fair.

St. Louis, Aug. 23.—Maj. Gen. Scott, of Toledo, O., and Adj't Gen. Flotzer, of Cleveland, accompanied by about 2,000 members of the uniform rank, Knights of the Maccabees, arrived here Monday. The knights will hold competitive drills daily and will attend the convention of their order, which begins at the Temple of Fraternity Tuesday.

They Resume Operations.

Newport, Ky., Aug. 23.—The Newport rolling mill resumed operations Monday, after being shut down for several weeks, and over 200 men went back to work. The suspension was longer this year than usual.

GEORGIA LYNCHING

Negro, Who Assaulted a Little White Girl, Shot to Death by a Mob Near Cedartown.

BODY WAS BURNED AT THE STAKE.

The Culprit Confessed His Crime and the Mob Took Him Away From the Posse.

About 2,000 Persons Witnessed the Burning of the Remains on the Public Square in Cedar-town Ga., Monday Night.

Cedartown, Ga., Aug. 23.—Jim Glover, a Negro, was shot to death Monday night near the home of the white girl he had assaulted and his body then dragged a distance of about a mile into this city and burned at the stake on the public square.

A mob estimated at 500 composed the shooting and burning party.

The crime for which the Negro was thus punished was that of committing criminal assault upon little Levia Reeves, the 13-year-old daughter of a farmer.

The true story of the crime is the most revolting that has ever been given to the public from this immediate section of the country. After the little girl had protected the Negro from the attack of a large dog owned by her father, he followed her to the pasture, where she was taking a cow, and criminally assaulted her. This occurred Monday morning.

Bloodhounds had been on the Negro's track since, and he was caught some distance away late Monday afternoon, carried to the home of the girl, who unhesitatingly identified him as her assailant.

In the meantime a crowd of 500 persons had gathered. The Negro confessed his guilt. Immediately the

JUDGE PARKER'S term as Chief Judge of the Supreme Court of New York, with a salary of \$14,200 a year, did not expire until Dec. 21, 1911. The fact that he resigned such a good thing to accept the Presidential nomination indicates his strong belief in his election.

As a matter of fact, no "sheeting" will be used in the construction of these buildings, as that is a commodity handled by dry goods stores.—BULLETIN.

"Oh, I don't know!"

Suppose you pull out your bandanna, rub the cobwebs off your back-number goggles, roll out of your old ox-cart, hop into an automobile and ride 'round to an up-to-date dictionary and see what it says about "rafters," "sheeting," and such. Wake up, you old snoozer!—Public Ledger.

Well, it strikes us the "old snoozer" of

the Ledger is the one who should study his dictionary a little. Webster is recognized as authority everywhere, and here is what Webster says:

SHETING. 1. Cotton or linen cloth suitable for bed sheets. 2. A lining of planks or boards for protecting an embankment.

The editor of the Ledger is a member of the Building Committee in charge of the construction of the tobacco plant, and the rest of the committee should see that he does not use any cotton or linen cloth in the erection of the building.

If he will study the word "Sheathing" he will get the right one. Webster defines "Sheathing" as "the first covering of boards on the outside wall of a frame house or on a timber roof. Also the material used for covering ceiling boards in general."

The Board of Stewards of the First M. E. Church, South, will meet this evening at 7 o'clock to complete the work for the year.

The A. O. U. W. will meet this evening at Nelson's at 7:30 o'clock.

THE FISCAL COURT.

No Agreement With the City to Unite With County in Building a New Infirmary.

At a meeting of the Fiscal Court Monday, Mrs. Catharine Schaeffer was refunded \$2 31, county's portion of taxes erroneously assessed against her on three lots in Dover.

State Auditor's Agent O'Donnell presented a report of his settlement with the three distillery firms for back taxes.

The committee appointed to confer with the Maysville City Council relative to the city uniting with the county in the erection of a new infirmary, reported that no agreement had been reached. The matter will again come up to-day, and the court will likely order that the question of erecting a new infirmary of modern design and equipment be submitted to a vote of the people of the county at the next regular election,—the vote to be on the question of issuing bonds for \$25,000 for that purpose.

The County Attorney was directed to defer all legal proceedings against tele-

Six Good Reasons

Why Women Should Wear Corsets With Calton's Invisible Lacings.

- 1—The Lacings have a perfectly flat surface both inside and out.
 - 2—No outside Lacings to show through the thinnest fabric.
 - 3—No inside Lacings to annoy sensitive wearers.
 - 4—Calton's Invisible Lacings can be adjusted in a moment.
 - 5—No eyelets to rust or corrode.
 - 6—Calton's Lacings allow absolute freedom of motion while keeping the corset perfectly adjusted.
- Corset and lacing complete \$1 and \$1 50.

The Bee Hive

WE GIVE GLOBE STAMPS.

We understand that the C. and O. has put on extra freight trains. The BEE HIVE freight is becoming too heavy for them to handle. Watch the boxes roll in. That's why we need room. All summer goods must move, and ridiculous prices shall be the propeller that will drive them with tremendous speed.

ANOTHER VICTORY.

Maysville Boys Defeated the Flemingsburg's Again Monday in an Eleven-Inning Game.

The game Monday between Maysville and Flemingsburg on the latter's grounds resulted in a great victory for Maysville. This game was one of the most exciting of the season, the score standing 2 to 2 till the eleventh inning when the Maysville boys donned their battring clothes and so hammered the ball that the poor stitches wrote home telling their grandma the story of their sad fate. It was in the e'ventht that the locals were able to bat out six runs while the 'burg boys secured only two, this making the score 8 to 4 in favor of Maysville.

Jacobs pitched four innings but injured his arm on Saturday and was succeeded by Dunbar the crack southpaw, who so placed the sphere around their necks that the barbers of the burg will have to strike on account of dull business. Warren did the twirling for Flemingsburg and it is evident from his work that he has a good show for success in the big leagues.

It is expected the Flemingsburgs will play here Thursday, and if the fans want to witness a good game let them be present at the Sixth ward park.

Manager Purnell and Capt. Quigley, on behalf of the Maysville team, want to thank the people of this city for the interest they have taken in the game and hope this will continue, as they have an exceptionally good team and will try to insure the public gentlemanly treatment at each game.

Let all who can turn out Thursday and give the locals a good send-off.

The score at Flemingsburg Monday was as follows:

Innings.....	1	2	3	4	5	6	7	8	9	10	11—R.
Maysville.....	0	0	0	0	1	0	0	1	0	0	6—8
Flemingsburg.....	0	0	2	0	0	0	0	0	0	0	2—4
Hits, Maysville 13, Flemingsburg 9.											
Struck out by Warren 7, by Jacobs 4, by Dunbar 3.											

Batteries—Maysville, Jacobs, Dunbar and Willett; Flemingsburg, Warren and Fleming.

All members of Com. D. Second Kentucky State Guards, are commanded to be at the armory at 7:30 to-night for drill.

CONCRETE TO BE USED

In Constructing Part of the East End Sewer Committee Authorized to Proceed at Once with the Work.

At the called meeting of the City Council last evening, it was decided to use concrete in the construction of 2,700 feet of the Fifth and Sixth ward sewer. The rest of the sewer will be made of tiling. Concrete was substituted for the larger tiling because it is much cheaper. The committee was authorized to purchase material and proceed at once with the work.

On motion of Mr. Fleming it was decided that a day's work be nine hours, and on motion of Mr. Short, the pay of the workmen was fixed at 15 cents an hour or \$1.35 a day.

Engineer Hord was employed to superintend the work, at a salary of \$125 a month. Mr. Hord estimates that the cost of the sewer will be about \$13,000.

The Mayor was authorized to have the \$12,000 worth of bonds printed and sold to the best bidder. The bonds will be payable in 1912 and 1913.

At the First Methodist Church, South, on next Thursday at 7:30 p. m. instead of the prayer meeting there will be held a church conference. There will be a roll call of the church membership and every member is expected to answer in person or by proxy. The object is to straighten the church register and remove names that have no business there.

AN IRISH PHILOSOPHER

Says "the sweetest memories of life are the recollections of things forgotten." How many remember the Union Agricultural Society's first fair at Germantown in '54—who can recall the interesting incidents that must have featured the earliest meeting? Most of the good things accomplished during the fair's half century of existence will be rehearsed at the Golden Jubilee gathering this week. Go out, join in the enthusiasm and help swell the crowd. Aside from the interesting agricultural exhibits you will enjoy the social features, of which "The Old Reliable" is noted. Renew the acquaintances of your youth; talk it all over again, and speak a good word for The Frank Owens Hardware Company.

AUTOMOBILE RACES.

Earl Kiser, With a Gasoline Machine, Broke Two World's Records.

Cleveland, Aug. 23.—Six thousand spectators saw the first day's races of the American Automobile association at Glenville track Monday afternoon. Earl Kiser, driving a gasoline machine, broke two world's records, one in the five mile race, when he made the last mile in 54 seconds; and the second, when he broke the record in a three-eighths cylinder machine race, by making the last mile in 52 45.

KILLS GERMS OF CATARRH.

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectively drives from the system all traces of catarrhal poison.

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that J. J. Wood & Son will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents.

Mr. James Park Upp and Miss Bertha Marie Meyer, both of Baltimore, were quietly married Monday morning at the residence of the bride's brother-in-law, Mr. C. B. Holstein, of East Fourth street, Rev. J. C. Molloy officiating.

DIED SUNDAY.

Thomas Kearns, Formerly of This City, Passed Away.

Thomas Kearns, an old Maysville boy who enlisted in Company D, Second Kentucky Infantry U. S. A., in 1861, died Sunday at Newport, Ky., and will be buried from the Church of the Immaculate Conception to-morrow morning. President Roosevelt said in a letter a few days ago to Gen. Blackmar of the G. A. R.: "It is to you we owe the fact that we have a country at all and every American to-day is under a debt of personal obligations to you and your comrades."

Comrade Kearns did his duty as an American in the full sense for three full years of the war without shirking any response to duty when called. The killed and wounded of the regiment in battles fought give evidence of the truth of these statements.

A COMRADE.

THE TOBACCO MARKET.

But Little Burley on the Breaks Now—The Growing Crop.

LOUISVILLE, Aug. 20.—Total offerings during the week were 1,114 hds. Of this number 216 were burley, the rest dark.

The quality of the burley offered was the poorest of the year, color very scarce, and but few hogheads were in keeping condition.

The market displayed greater strength and activity than at any time since the boom of last April. Red grades advanced from 10 to 1½; color styles were a few bids higher than last week.

There were 690 hds. dark offered at auction, quality and condition fair. No wrappers were offered, and but few hogheads of desirable leaf. The market for good dark leaf, suitable for cutting purposes, was unchanged.

The growing crop in some sections is doing very well, while in some localities rain is needed.

Mr. W. F. Chappell has sold his residence at Paris for \$2,500.

IT'S FOOLISH

To Ignore Such Convincing Proof as This Maysville Citizen Gives You Here.

You may differ from your neighbors in many important questions of the day. Your opinions may coincide with those of the minority or of those of the majority and still you may be in doubt. But you can hardly be skeptical about the merit of Doan's Kidney Pills when you read such emphatic local endorsement as the following:

Mrs. J. B. Gibson of 113 West Fourth street says: "The value of Doan's Kidney Pills is quickly made manifest by their use. I obtained them at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and although my experience was not extensive, it was because their curative powers were so quickly demonstrated that extended use was unnecessary. The quick relief from backache which was obtained from the use of Doan's Kidney Pills caused me to recommend this valuable medicine whenever opportunity offers."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
